

# Annual Thermocouple Probe Purchase Agreement

## Agreement

Program designed to reward repeat customers on their Thermocouple probe purchases, via quantity discounts based on estimated annual usage of thermocouple probes.

- Can be used for any standard length thermocouple probe
- Annual usage can be based on mix of standard probes
- Minimum use of 50 probes per year to qualify for program
- Any unreleased quantity must be shipped by Dec. 31, 2015

## Customer Benefits

- Pricing discounts based on annual usage
- Blanket P.O. minimizes need to issue several P.O.'s. Schedule release dates
- Improved delivery via stocking
